By entering your name into the signature field of this online application, you are legally signing the document.

SIGNATURE: \_\_\_\_\_ DATE: \_\_\_\_\_

*An "electronic signature" includes any mark, symbol, sound or process that is written, stamped, engraved, attached to or logically associated with an electronic document and executed by a person with the intent to sign. Just like you can legally "sign" a printed document by making your mark, whether that be your signature in ink or an "X," so you can "sign" an electronic document by making your mark, whether that be a high-tech encrypted or digital signature, or just typing your name in the signature line or space on an e-mail or document on the computer. These are all "electronic signatures." If you sign a paper document in ink and then scan the document and save it on your computer, the image of the signature on the stored electronic document on your computer is also an electronic signature.*
